Signallers

Control
Office

This bulletin is aimed at persons engaged in the maintenance of GSM-R fitted vehicles, and is provided for information and action as appropriate.

Introduction:

Contact details for the creation and changes to the GSM-R Cab Radio Operator Phone Book numbers has now changed.

There is no change in process to create or change GSM-R Cab Radio numbers

Change of Network Rail Accountability:

The creation and requested changes to the Operator Phone Book is now the accountability of National Rail Telecoms (NRT) located at Enterprise House, Paddington London and can be contacted on the e mail address below.

NRT-NetworkEngineering@networkrail.co.uk

Documentation:

A new procedure document can be obtained from NRT-NetworkEngineering@networkrail.co.uk to assist Operators in the creation or changes to the GSM-R Cab Radio Operator Phone Book

Phonebook Management procedure for GSM-R Cab Mobile System

Process Summary:

- Contact NRT-NetworkEngineering@networkrail.co.uk and request an Operator Phone Book Template
- Operator to complete Phone Book Template document as described within the *Phonebook Management procedure for GSM-R Cab Mobile System*.
- Operator to send completed Template which remains as an *Uncontrolled* Document until NRT provides the downloadable version
- NRT shall create a GSM-R Cab Radio *Loadable* Phone Book File and send back to the Operator.
