

Making it safer together

NetworkRail

Don't let drinking turn your world upside down

Keep a clear head at train stations. If you're having a drink this festive season, please remember that alcohol can affect your vision and judgement, so take extra care when on the escalator or standing on the platform. We want you to get where you're going, safely.

Watch our VR film, 'Keep a clear head' at youtube.com/networkrail or download our Network Rail – Level Crossing VR app.
